**Tumble Down the Wall** – Grades 3-5 Ms. Wolters

**Tuesdays and Thursdays**

Basic math facts bringing you down? Does it feel like you hit a brick wall when you're right in the middle of solving a problem and you get stopped because you can't remember the math fact? You are NOT alone! Let's crash through that wall with something for everyone. Drumming, art, large motor games/movement, card games, board games, story and scavenger hunts are ways we will practice and master math facts. Your wall will be gone! No matter where you are with your math facts, come join us for the fun and variety of activity.

Each class will feature an important science "snapshot," a specific topic or concept which students will investigate in a fun and creative environment. Inquiry-based investigations will develop students' natural curiosity and ability to think scientifically, as well as, practice science skills such as careful observation, measurement, and use of scientific equipment. Students will construct and use models in science as they explore: speed, geology/anthropology, meteor, muscles, molecules and the microscopic world.

Session 2  
February 13 – March 22, 2018  
3:30 – 4:45 PM

**General guidelines:**

- A nutritious snack and juice are served to all students in G2M after school classes.
- Permission slip is required for participation.
- ATTENDANCE is important – **please call, e-mail or text (715-573-1539) if your child will not be in class.**
- Students may not always be placed in their first choice class as we have many students wanting to take classes. If there are more students in a class than the class limit, a lottery drawing will be done for that particular class. If there is room your child may be able to take more than one class a week.
- If there is a discipline problem, the child receives **one** warning **and** a call home to the parents. The second offense will result in removal from all remaining classes for that session.
- All students will be dismissed at **Door #1 (THIS IS THE MAIN DOORS BY THE OFFICE. NOTE THIS IS A CHANGE FROM LAST YEAR)**. Please NOTE there is NO BUSSING AVAILABLE at 4:45 PM for students. A parent/friend needs to pick up their child(ren) at 4:45 PM. Students will not be allowed outside when dark unless they see their parent/car.
